City Beach, Perth, Western Australia

DOB 11/10/1996

I am a passionate computer systems and network communications graduate. I have a strong interest in computing and technology, and am keen to work first hand in modern IT and network deployments. I am now looking for a career in the telecommunications industry.

EXPERIENCE

Web Development

Australis.io, Perth, Nov 2017 – Feb 2019

Australis.io was a cryptocurrency startup in Subiaco, where I completed my work experience component of my degree. My work there involved collaborating in producing a cryptocurrency trading website.

- Assisting in full stack web design
- Small team management using email and slack
- Managing domains and DNS records
- Deploying, setting up and maintaining virtual machines for web servers

Retail

Woolworths Subiaco, Perth, March 2015 – April 2019

I worked across several different departments during my degree, which included customer service, shelf stocking and inventory work.
